IMPORTANT: Please check your dog's NADAC registration number on your trial confirmation as soon as you receive it; also, please check the copy of the results posted at the trial. You should report any errors to the Trial Secretary immediately.

NADAC records trial results as they are submitted by the host clubs/groups. The individual trial results submitted by the club are uploaded to the files section of the NADACAgility@yahoogroups.com list within two weeks after the NADAC office receives them from the club. The trial results will remain on the list for at least thirty (30) days. Please accept the responsibility to review those results, and check that your registration number and qualifying points, as reported by the club, are correct. You can join the www.NADACAgility@yahoogroups.com list and set your settings to "no mail". You will be able to view trial results and check for any possible discrepancies, without receiving list mail. If you find an error in the reporting of your dog's qualifying points or registration number, please contact the host club. The host club is responsible for correcting any errors and informing NADAC.

Levels: Points earned at a higher level of a class, prior to the completion of the lower level title, will not be banked by NADAC for future use. If a dog earns points in a level of a class that they are not eligible to title in, those points will not be added to the dog's records.

Non-Jumping Classes—Veteran or Disabled Handler. Handlers who are 60 years or older, or who have a disability that restricts mobility, may choose to enter the non-jumping classes as a Veteran Handler and receive 10% more standard course time. This option is for Veteran/Disabled handlers in the non-jumping classes only.

The Veteran/Disabled Handler division is designed for handlers who, due to age or impairment, are mobility limited and need extra time to guide their canine partners through an agility course.

When entering as a Veteran/Disabled Handler, you must enter all dogs in all classes for the entire trial in this Division and must jump 4" lower than your Proficient, Standard Division jump height requires. In the non-jumping classes, dogs will be scored and placed with their Standard Division jump height.

Awards: Rosettes will be awarded for Q's in all classes. Placements Ribbons will be awarded for 1st-4th place in each class except Chances. Chances is a pass/fail class so no placement ribbons are awarded. We will have NATCH and MEDAL ribbons and bars available as well!

If you haven't entered a NADAC trial in a while here is some information that might help you fill in your entry form. If you need further information please refer to the full Exhibitor's Handbook at www.NADAC.com.

Elite-Proficient titles, the NATCH and Versatility NATCH awards, and all Elite-level special award plaques are earned in the Proficient category. Elite-Skilled titles, the MEDAL and Versatility MEDAL awards, and all Elite-Skilled Special awards are earned in the Skilled category. At the Open and Novice levels, points from the two categories are combined for titling purposes, and no distinction between the two categories is made. Also, Elite-level runs that qualify for the Platinum Speed Star and Purple Achievement Awards are combined for the two Categories; see the **Titles and Awards** section for more details.

Categories:

Each class will be split into two categories, Proficient and Skilled. **A dog may only be entered in ONE category per weekend.** The dog must be entered in all Proficient or all Skilled categories for all classes entered on a particular weekend.

In the **Proficient Category**, dogs must jump their measured jump height per the current jump height table. Runs must be clean, with no course faults or time faults, in order to qualify. There are five Standard Division-Proficient jump heights: 8", 12", 16", 20", 20+.

In the **Skilled Category**, exhibitors **MUST** jump their dog one jump height lower than they are required to jump in the Standard Division in the Proficient Category. There are four Standard Division-Skilled jump heights: 4", 8", 12", and 16".

For example, a dog who measures to jump 20" or 20+ in the Standard division, Proficient category, must jump 16" in the Standard division, Skilled category and will receive the benefit of the additional time allotted to the 16" dogs. If this same dog is also a Veteran, or is handled by a Veteran/Disabled Handler or Junior Handler, he may enter the Veteran or JH Division and jump another 4" lower. This dog would receive the time allotted to the 16" Vets jumping 12".

Runs in Skilled must be clean, with no course faults or time faults, in order to qualify. However, in Regular Agility the run may receive a 5-point qualifier if the total number of faults (time- or course-faults) are 5 or fewer.
