IMPORTANT. Please check your dog's NADAC registration number on your trial confirmation as soon as you receive it; also, please check the copy of the results posted at the trial. You should report any errors to the Trial Secretary immediately.

NADAC records trial results as they are submitted by the host clubs/groups. The individual trial results submitted by the club are uploaded to the www.NADACForum.com within two weeks after the NADAC office receives them from the club. Please accept the responsibility to review those results, and check that your registration number and qualifying points, as reported by the club, are correct. You can join the Forum by going to www.NADACForum.com and submitting your request. If you find an error in the reporting of your dog's qualifying points or registration number, please contact the host club. The host club is responsible for correcting any errors and informing NADAC.

Levels. Points earned at a higher level of a class, prior to the completion of the lower level title, will not be recorded by NADAC for future use. If a dog earns points in a level of a class that they are not eligible to title in, those points will not be added to the dog's records.

Non-Jumping Classes—Veteran or Disabled Handler. Handlers who are 60 years or older, or who have a disability that restricts mobility, may choose to enter the non-jumping classes as a Veteran Handler and receive 10% more standard course time. This option is for Veteran/Disabled handlers in the non-jumping classes only. The Veteran/Disabled Handler division is designed for handlers who, due to age or impairment, are mobility limited and need extra time to guide their canine partners through an agility course. When entering as a Veteran/Disabled Handler, you must enter all dogs in all classes for the entire trial in this Division and must jump 4" lower than your Proficient, Standard Division jump height requires. In the non-jumping classes, dogs will be scored and placed with their Standard Division jump height.

As of January 2014: Dogs must enter the Veterans Division in all jumping classes after their 9th birthday. After their 12th birthday, dogs must enter the skilled Category, Veterans Division for jumping classes and Skilled Category for non-jumping classes.

Awards: Rosettes will be awarded for Q's in all classes. Placements Ribbons will be awarded for 1st-4th place in each class except Chances. Chances is a pass/fail class so no placement ribbons are awarded. We will have NATCH ribbons and bars available as well!

Doors open at 7:00 am (subject to change – read your final confirmation)

Check in and Measure will begin at 7:00 AM

All dogs entered in the Proficient category, Standard Division for Novice, Open or Elite jumping 8", 12" or 16" are required to be measured.

Dogs jumping 20" are not required to be measured, nor are Veteran or JH dogs that jump 16", nor are Skilled category dogs at any jump height.

Height cards are not issued for dogs jumping 20". Dogs with permanent height cards need not be measured.

Jump Height Exemptions: Dogs listed on the Jump Height Exemption list are not required to be measured.

It is believed that, at all times, handlers will enter their dogs at the appropriate heights, using sound ethics and good sportsmanship. This height exemption is for the health and well-being of the dog, not to give one dog a competitive edge over another dog. NADAC assumes that any handler who enters a dog at a lower lever height has done so to maintain the longevity and good health of their canine companion.

General briefing will be at approximately 7:30 and may be following the first walk through. Either way the first dog on the line no later than 8:00 a.m. Please see confirmation for exact times.

Double Run Format:

When 2 runs of the same class are offered you can enter one run or both runs. That said you can Q on 1 run, 2 runs or not at all! When there are 2 classes we will have one walk thru, run the first run according to the gate sheets and then start running the 2nd class according to the gate sheets without another walk thru. It is the same course so you have a chance to try some different handling or improve on that "one" thing you wish you had done better. It is a lot of fun!!

Swap Runs are being offered on SUNDAY:

We are offering the option of running an extra round of Chances or Jumpers, but you must give up a jumping round to do so. You can give up a round of either Regular or Jumpers to gain an extra round of Chances, or a round of either Regular or Chances to gain an extra round of Jumpers. You cannot gain an extra round of Regular, and you cannot run more than four rounds of jumping classes. If you wish to do this, you must notify the Trial Secretary **BEFORE** the first course of the trial is built!

Elite-all Proficient and Skilled points are now combined to earn titles and the NATCH and Versatility NATCH awards. Elite-level runs that qualify for the Platinum Speed Star and Purple Achievement Awards are combined for the two Categories; see the **Titles and Awards** section for more details.

Categories:

Each class will be split into two categories, Proficient and Skilled. **A dog may only be entered in ONE category per weekend.** The dog must be entered in all Proficient or all Skilled categories for all classes entered on a particular weekend.

In the **Proficient Category**, dogs must jump their measured jump height per the current jump height table. There are five Standard Division-Proficient jump heights: 8", 12", 16", 20".

In the **Skilled Category**, exhibitors **MUST** jump their dog one jump height lower than they are required to jump in the Standard Division in the Proficient Category. There are four Standard Division-Skilled jump heights: 4", 8", 12", and 16".

For example, a dog who measures to jump 20" in the Standard division, Proficient category, must jump 16" in the Standard division, Skilled category and will receive the benefit of the additional time allotted to the 16" dogs. If this same dog is also a Veteran, or is handled by a Veteran/Disabled Handler or Junior Handler, he may enter the Veteran or JH Division and jump another 4" lower. This dog would receive the time allotted to the 16" Vets jumping 12".

Runs in both Proficient and Skilled must be clean, with no course faults or time faults, in order to qualify. However, in Regular Agility the run may receive a 5-point qualifier if the total number of faults (time- or course-faults) are 5 or fewer.
